PROFESSIONAL EXPERIENCE

Project Manager Events and Programme Delivery (Contract)
July 2025 – Present

CS Nexus, London

Contract engagement alongside full-time employment with sister company Centurion Staunch Innovative Solutions Ltd.

- Manage events from initial planning through on-site delivery and post-event completion, coordinating clients, venues, suppliers and cross-functional teams.
- Develop schedules, budgets, resource plans, risk registers and operational runbooks across planning horizons of two to twelve months.
- Research venues, conduct site inspections, assess quotations and negotiate supplier requirements.
- Supervise setup, technical checks, live operations, dismantling and venue handover; resolve seating, audio and weather-related operational issues.
- Coordinate delivery against budgets, quality requirements and deadlines across concurrent projects; conduct post-event reviews to improve future delivery.

Selected event deliveries

- **Asian Wedding Collective 2025 — Chelmsford City Racecourse:** Managed delivery of a two-day wedding exhibition featuring nearly 50 vendors and designers across bridal fashion, jewellery, décor, photography, catering and wedding services.
- **Nexus Bridal Runway Global 2026 — Hilton London Metropole:** Led project delivery for an international bridal fashion showcase involving designers, models and creative production teams.
- **CS Global Fashion Awards 2026 — Hilton London Metropole:** Managed delivery within a fashion and awards programme bringing together designers, models, artists and industry professionals.
- **Grand Asian Collective with Asian Influencer Awards 2026 — Radisson Blu, London Heathrow:** Managed an exhibition featuring 20+ vendors alongside an influencer awards ceremony and networking programme, overseeing planning, venue and supplier coordination, exhibitor requirements and on-site delivery.

Operational Lead Manager (Founding Team)
Dec 2024 – Present

Centurion Staunch Innovative Solutions Ltd, London

- Assume day-to-day operational leadership following the Head of Operations' departure, overseeing five direct reports across sales, marketing, physiotherapy and country management in India and Bangladesh, plus two freelance consultants.
- Estimate and price client projects valued at approximately **£30,000–£100,000**, translating requirements into delivery budgets. Prepare **profit and loss and cash flow statements**, allocate budgets and approve spending within agreed limits.
- Following a 20% project budget overrun, introduced tighter budget planning, expenditure controls and weekly and monthly management reviews, helping the company move from loss-making operations to **break-even within eight months**.
- Use **Excel, Power Query**, Superjoin and Numerous AI to consolidate and analyse data for budgets, forecasts and management reporting; review costs and delivery progress with managers each week.

- Built and deployed a **staff management and KPI tracking system** within the company admin portal, replacing manual reporting with real-time operational information.

Professional Experience Continued

Operational Flight Dispatcher / Load Controller — Dec 2022 – Dec 2024

Menzies Aviation, London Heathrow Airport

- When stepping up as Acting Supervisor, allocated **30+ staff** to flights for the following day using **RSMS and WorkBridge**, matching staffing coverage to flight requirements.
- Reviewed rosters against flight schedules, identified absences and arranged replacements and overtime within the team and across other operational teams to cover demand.
- Managed weight and balance documentation and load sheet compliance for multiple airlines, including Emirates, Air Canada, Air India and Qantas, across Airbus A320, A350 and A380 and Boeing 737, 777 and 787 aircraft.

Operational & Planning Roles (Part-Time alongside postgraduate study) — May 2021 – Dec 2022

Swissport · FedEx · Bluebird Care · Signature Flatbreads, United Kingdom

- Supported aviation turnaround coordination, logistics operations and production planning in high-volume, time-critical environments.
- Maintained safety, quality and operational standards while balancing work with postgraduate study.
